Open the Turn2us Grants Search at http://www.turn2us.org.uk/grants_search.aspx

The opening screen asks some initial questions about Daisy's details:

- Postcode – to check for local funds
- Gender – to filter out gender-specific grants that are not relevant
- Age – to filter out grants for specific age groups that are not relevant
- Overseas resident - will filter by grants for people living overseas.

The screenshot shows the Turn2us Grants Search interface. At the top, there is a navigation menu with links: Home, Benefits Search, Grants Search (highlighted), Information & Resources, About Us, Ask A Question, and My Turn2us. Below this is a sub-menu with 'Grants Search' and 'A-Z of charities'. A breadcrumb trail reads 'You are here: Home / Grants Search / Grants Search'. The main heading is 'Search for Grants'. Below this is a text box with instructions: 'Please enter details for the person you are looking for help for. This might be you or it might be someone else – e.g. a relative, friend or client. However, if you have or had a partner or if you are a carer, it is worth doing a search for yourself and your partner or the person you are caring for, as help may be available based on both situations and backgrounds.' The form contains several fields: 'UK Postcode' with a text input containing 'LD1 5YG' and a search icon; a checkbox for 'Overseas resident'; 'Gender' with radio buttons for 'Male' and 'Female', where 'Female' is selected; 'Age' with a text input containing '37'; and a large purple 'Search' button with a magnifying glass icon. Red circles are drawn around the 'LD1 5YG' text, the 'Female' radio button, the '37' text, and the 'Search' button.

Filtering on Health specific criteria

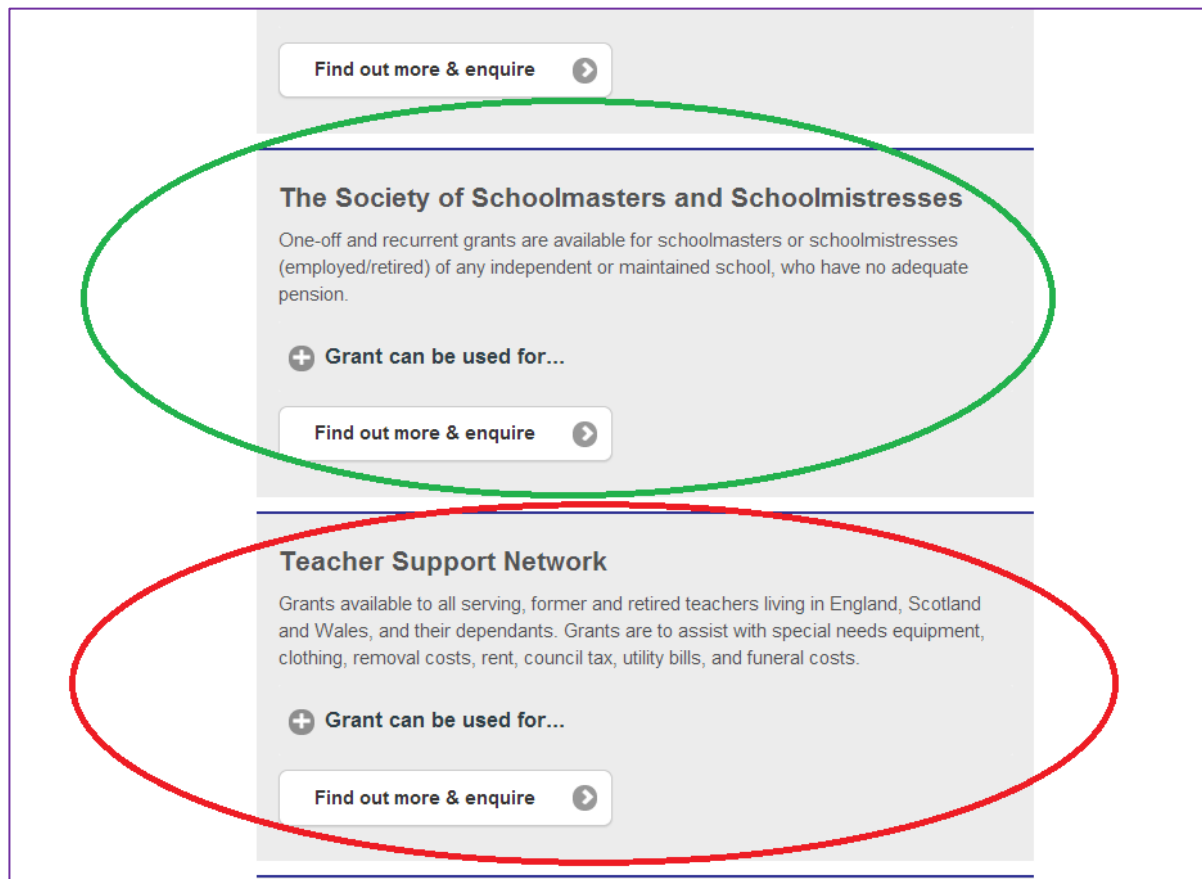

Click on “Health Specific” from the filter boxes on the left hand side of the screen. Select ‘cancer’ from the drop down box and click confirm.

You can also see how you are building up a profile for Daisy on filter boxes on the left hand side.

The screenshot shows a search results interface. On the left, under 'Filter your results', there are several filter boxes: 'Occupation', 'Teacher/education' (checked), 'Health specific' (circled in blue), 'Cancer' (checked), 'Religion', 'Family situation', and 'Other issues'. To the right, it says '144 grants found for a female aged 37 living in LD1 5YG' with a 'Search again' link. Below this is a search bar with 'Keyword search...', a 'Search' button, and a 'Sort by' dropdown set to 'Relevance'. A text box explains: 'You can refine your search by using the drop down boxes on the left hand side of this page. You do not have to fill in every section, only those that apply.' The first search result is 'Teacher Support Network', with a description: 'Grants available to all serving, former and retired teachers living in England, Scotland and Wales, and their dependants. Grants are to assist with special needs equipment, clothing, removal costs, rent, council tax, utility bills, and funeral costs.' Below the description is a '+ Grant can be used for...' section and a 'Find out more & enquire' button. The second result is 'Schoolmistresses' & Governesses' Benevolent Institution'.

Reading the charitable funds' profiles

You can browse the list of charitable funds on the right hand side and read the profiles of any that look as if they might match Daisy's situation.

For instance, Daisy works in a state school so the Society of Schoolmasters and Schoolmistresses will not be appropriate, but Teacher Support Network might be.

To find out more about the charitable fund, click the 'Find out more & enquire button'.

The word 'enquire' means that you can make an enquiry to the charitable fund through Turn2us using your Turn2us account.

If the button, just says "Find out more" – as it does on the profile for Recourse highlighted in green below, this means that the charitable fund does not accept online enquiries through Turn2us. You need to check the profile for more information about how to enquire/apply.
